

Famo Dissolves Dandruff Scale and Destroys Bacilli

After the first application of Famo, you should not have a trace of dandruff. If the case is stubborn, a little may be used, but not for long. The dandruff will be gone and the new growth begun. Famo will be like the hair of healthy children; your scalp like a baby's scalp. All itching will be gone. Famo will win fight by killing the bacilli which kill the hair. Famo is a disease which scientists find from the knowledge of that disease by Famo, the hair leaps into luxuriant new growth.

Healthy, Beautiful Hair
It is, we repeat, like renewing the youth of the scalp—giving back your hair its early strength and beauty. Famo will keep the hair continuously clean—hair fresh, full of life, soft, smooth and glossy. If your hair ever had a natural tendency to turn gray, Famo will bring back the whiteness and intensity of it.

FAMO Stops Seborrhea—Grows Healthy Hair

GALES FERRY

Rev. O. E. Newton spoke in the M. E. church Sunday morning from Ecclesiastes 4:12. A threefold cord is not quickly broken. Rev. Mr. Newton referred to the centenary which began in this village this week, to aid in raising the \$105,000.00 asked for in Methodism. He expressed thanks and appreciation for Mrs. Newton and himself for the service. The service was held at the parsonage Monday evening. The offerings at the morning and evening services in the M. E. church that are not pledged for the centenary, the 18th and 25th of May, are to be given to the centenary fund.

Mrs. Newton was the leader of the Epworth League Sunday evening service with the topic Institute—Jewelry—Fellowship—Training and Inspiration. At the preaching service, Rev. Mr. Newton spoke from St. Luke 2:6-7.

The lower cottage of the group of buildings at Red Top, the training quarters of the Harvard crews, situated near the approach to the New Haven railroad wharf, there was set on fire by the afternoon passenger train Thursday and burned to the ground. D. C. Perkins, who was employed at Brown's Crossing, discovered the fire and hastened to the quarters, but it was impossible for him to make any attempt to save the building, as the flames spread so rapidly. Mr. Perkins was joined by Mr. Erickson, who resides near Red Top and Minor Moxley of Groton, who was passing on the highway and it required strenuous work on their part to prevent the training quarters from taking fire, the grass around them was set on fire by the building. Section Hose Harvey, with his men, were called from Groton, and the party succeeded in getting the fire under control and saving the boat which was hauled out on the shore near the burned building. The wharf also caught fire. The cottage was destroyed by the late Captain William H. Moulthrop, who was operating the quarry at Red Top and has been occupied many seasons by Norwich parties. When the New Haven road was extended from Albany's Point to Groton the property was purchased by the railroad company. Later years during the stay of the Harvard men at Red Top the cottage was used by the Western Union as a telephone office for an expert operator from Boston, and also as a telephone office. Only the timely work of the men prevented the destruction of both the training quarters, boat-house and floats, which at this time

DANIELSON AND PUTNAM NEWS

DANIELSON

It was announced Tuesday that the military class of the Girls' club would continue their drills, so will meet at the state armory this evening.

Corporal Carl Anderson returned to Camp Devens Tuesday after spending five days in town.

Joseph Lapelle is visiting here with his parents, Mr. and Mrs. John Lapelle.

Sergeant Ray Hamilton, who has been in government hospitals most of the time since his arrival from overseas, has returned here, mustered out of service. He was a member of the 56th coast artillery.

Judge W. Penner Woodward was in Williamstown Tuesday attending the session of the superior court.

Peter Bassett, who has been overseas for more than a year, is en route to the United States and is expected to arrive in Boston on Thursday.

Mr. and Mrs. Willis Bartlett of New York have arrived at East Killingly to remain for the summer.

Expert shade tree trimming and cavity work, also tangle-footing on elms done at reasonable prices. Address Eastern Coach, Forestry, Victor Perreault—adv.

Danielson's latest nuisance—the lazy handbill distributor who comes to the front door and rings the bell, taking busy housewives from their work.

Reports covering the work of the organization and plans for the coming year will be discussed at today's meeting of the Killingly Woman's club in the assembly hall at the high school.

Amendments to the constitution of the club will also be considered.

Killingly is now told, in effect, that if it is good and doesn't make any objections and stops asking for state highway improvements, it possibly may get some consideration in a hundred years hence, by which time the powers that be may decide that this town is in Connecticut—but no guarantee is given. And in the meantime its motorists come over the condition of what were once considered state roads but are now worse than back-country highways.

It is truly great to have something in the hands of politicians who play the game the way it suits them.

Letters addressed as follows are unclaimed at the Danielson postoffice: Mrs. William Burke, Mrs. L. Lambert, Napoleon Green, Liddes Malver, Mr. Moffit, 19 Mechanic street, W. J. H. Moore.

At the postoffice a notice of a pending examination to fill the vacancy in the non-residentship at Groton, in this town, is posted. All applicants must be residents of the territory served by the office.

A regular meeting of the Danielson Building and Loan association was held Tuesday evening at the Danielson Trust company Tuesday evening. The reports showed applications for loans.

It will take up the income of the association for about three months. The association now has a monthly revenue of nearly \$900. A new series of shares will be prepared for issue on July 1.

Mrs. Susie G. Williams of Brooklyn, secretary of Quinebaug Pomona grange, has sent out notices of the regular meeting of the organization to the members.

The association has a monthly revenue of nearly \$900. A new series of shares will be prepared for issue on July 1.

Mrs. Susie G. Williams of Brooklyn, secretary of Quinebaug Pomona grange, has sent out notices of the regular meeting of the organization to the members.

PUTNAM

More than two score priests from various parts of New England, including many from eastern Connecticut parishes, and a number from Canada, gathered here Tuesday for the silver jubilee of Rev. Charles E. Dard, pastor of St. Mary's parish.

Numbered among the visiting clergy was Monsignor Tanguay of Sherbrooke, P. Q., a personal friend of Father Dard.

With the clergy, the several thousand members of St. Mary's parish united in paying a tribute to their pastor upon his coming to a quarter of a century of earnest labor in the priesthood, practically all of it in the state of Connecticut.

Coinciding with the observance of the anniversary Tuesday came the surprise announcement that the parish is free from debt, this fact in itself being a splendid bit of evidence of Father Dard's management.

Why all this Precaution?

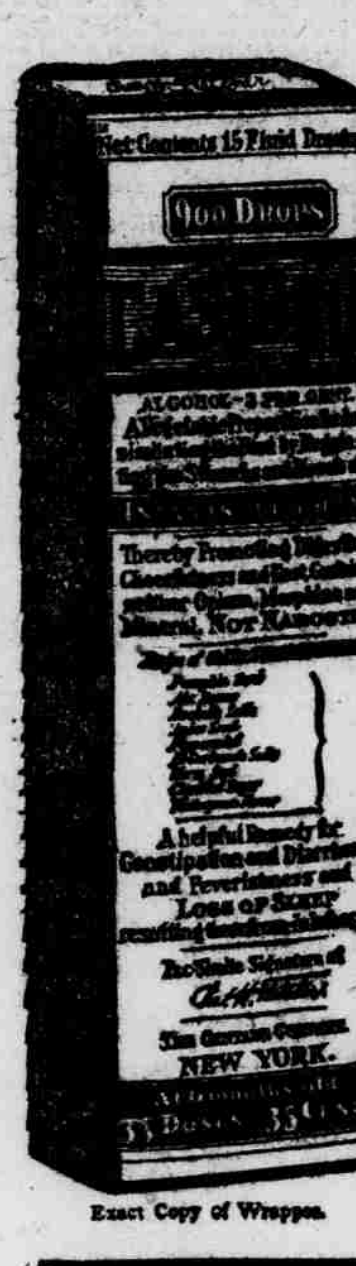

JUST wherein lies the reason for the use of vegetable preparations for infants and children?

Why are any but vegetable preparations unsafe for infants and children?

Why are Syrups, Cordials and Drops condemned by all Physicians and most laymen?

Why has the Government placed a ban on all preparations containing, among other poisonous drugs, Opium in its variously prepared forms and pleasing tastes, and under its innumerable names?

These are questions that every Mother will do well to inquire about. Any Physician will recommend the keeping of Fletcher's Castoria in the house for the common ailments of infants and children.

Children Cry For Fletcher's CASTORIA

The False and the True.

Advertising by the use of large spaces, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria? modest in all its claims, pleading at all times—truthfully—for our babies?

The big story, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little ones.

There are substitutes and imitations as there are for the diamond, for anything of value. One might almost say that which is not copied has no value. So you have had the signature of Chas. H. Fletcher and a copy of the genuine wrapper kept constantly before you that you may guard against the false and the untrue.

STAFFORD

Rev. F. L. Mandagary occupied the pulpit at the Baptist church Sunday.

R. A. Booth has resigned with a wholesale meat house in Springfield.

The Phoenix Liberty band members have been supplied with new uniforms, the cloth being made and presented by the Phoenix Woolen company.

Miss Colia Holt, Mrs. Arthur Cady, Miss Margaret Glover, Mrs. Alice Dimick represented the local church at the state convention in New Haven last week.

Angus Park went to New York to meet his brother, Raymond, who recently returned from overseas and was taken ill. Raymond returned home on Friday.

John P. Sablin will build the cement curbing that the city has authorized placed in Freeman street.

SOUTH WINDHAM

The Boy Scouts, Walter Albee scoutmaster, held a very interesting meeting Friday evening in the hall. The boys were very faithful in their canvass for Victory bonds and have more than gone over the ten A. helmet goal.

The interior of the church has been wholly redecorated and redecorated, a new electric lighting system installed and many other changes made. The interior has been carefully improved and new land for cemetery purposes acquired.

Also marking a distinguished way in his coming has been the erection of a Church street of the splendid new Mother house in the United States of the Sisters of the Holy Ghost, the teaching order in charge of the parish schools, and the establishing here of the headquarters of the order in this country.

Such important and such numerous changes and improvements as Father Bedard has brought about have not been realized without the expenditure of a great many thousands of dollars. Though this be true and though it is also true that Father Bedard came to the parish when it was in a state of financial straits, the announcement that all the fine new improvements have been paid for and

the old debt cleared away, leaving the parish free from debt, came as a great and pleasing surprise to all on Tuesday, and must be the result of a source of satisfaction to Father Bedard upon attaining his silver anniversary.

The honor paid Father Bedard on Tuesday was impressive. He was congratulated on all sides and from many heard the wish expressed that he may be permitted to remain here for many more years, to carry on and amplify the great work that has marked his pastorate.

Two more automobile cases were before Judge Geisler Tuesday morning's session of the city court. Julius LaPlante, Putnam, was charged with driving a machine on a public highway without a license.

It was said the machine showed only one headlight and that the tail lamp was not lighted. LaPlante told the court Tuesday morning that his lights were O. K. when he left Chestnut Hill a few minutes before. Evidence strengthened this statement in as much as it was shown that the tail lamp was warm when LaPlante was halted by Officer Chandler.

Frank V. Herbert, Providence, should have appeared to answer to a charge of driving a machine, that showed no tail light and for his being without a registration. He put up a bond of \$400 and forfeited it on Tuesday morning when he did not appear in court. Next time it will cost him more.

Miss Marjorie Mann has returned from a visit in Bridgeport, where she witnessed the launching of a submarine.

Omnia spe Lake plant and a site in New York, where she visited with relatives.

Derrieks and other equipment have been hauled to where the old lapsed wall on Pomfret street is to be repaired, indicating that the work which the state is to have done will be undertaken in the near future.

Twenty-one drivers' licenses were issued here Tuesday by Inspector Ralph C. Young of the state automobile department after the applicants had passed satisfactory examinations.

There may or may not be a connection between this fact and the raid the inspectors made here on Sunday, when several were arrested for driving cars without having a license to do so. It may be mentioned, however, that the weekly number of licenses issued here for some time past has averaged only 7 or 8.

John P. Sablin will build the cement curbing that the city has authorized placed in Freeman street.
